**LIST OF PARTICIPANTS**

The Kavli Institute for Cosmological Physics (KICP) at the University of Chicago host the "Photometric Identification of Supernova" KICP Supernova Hub workshop from Friday March 16th to Saturday March 17th in Chicago, IL.

The workshop will focus on methods for identifying type Ia Supernovae (SNIa) without spectroscopy. The emphasis will be on using these photometric SNIa for Hubble Diagram analyses in PanSTARRS, the Dark Energy Survey (DES) and the Large Synoptic Survey Telescope (LSST).

**Organizers:**

Richard Kessler, University of Chicago  
Joshua Frieman, University of Chicago and Fermilab

1. Rahul Biswas                      Argonne National Laboratory
2. Heather C Campbell              ICG, Portsmouth
3. Brian Connolly                    University of Pennsylvania
4. John D Cunningham              Loyola University Chicago
5. Cassandra Deskus                UChicago- College
6. Ben Dilday                        LCOGT/ UCSB
7. Jefferson R Duggan              Loyola University Chicago
8. David Finley                      FCPA / Fermilab
9. Josh Frieman                      University of Chicago and Fermilab
10. Eda Gjergo                        Illinois Institute of Technology
11. Renee Hlozek                     Princeton University
12. Emille E. O. Ishida              IAG - University of Sao Paulo
13. Richard Kessler                University of Chicago
14. Eve V Kovacs                    Argonne National Laboratory
15. Steve Kuhlmann                Argonne National Laboratory
16. Jesse Leaman                    Space Science Institute
17. Marisa C March                 University of Sussex
18. John Marriner                  FNAL
19. Brandon T Patel                Rutgers University
20. Ahmad Qamar                    University of Chicago
21. Joseph W Richards              UC Berkeley
22. Daniel Scolnic                  JHU
23. Antonio Sevilla Dieguez        UChicago- College
24. Michael B. Sivertz              Brookhaven National Laboratory
25. Harold Spinka                  Argonne National Laboratory
26. Mark Sullivan                  University of Oxford
